

AURORA SPORTSMEN'S CLUB

Outdoor Shooting Adventures for Corporate and Private Groups

7858 Preserve Road; Waterman, IL 60556

www.AuroraSC.org

Consider the Aurora Sportsmen's Club for your next group outing for birthday celebrations, wedding parties, team building activities, fund-raising events and customer entertainments - or just to invite friends and family to enjoy an outdoor shooting adventure. Nonmembers are welcome to request private access. Members, would you like to bring more than three shooting guests at a time?

We can provide opportunities for: target practice; instruction; and on-field coaching during supervised handgun, rifle, archery and/or shotgun shooting sessions for novices as well as experienced shooters and everyone in between. Group sessions are accompanied by at least one Club-provided NRA Certified Range Safety Officer to supervise activities, and participants must be present for a mandatory safety briefing. If we can accommodate your request, a customized proposal will be provided.*

The per-person cost is based on a combination of: activities included, equipment furnished, total participants and hours of range time. ASC is now able to accept credit card payment for group event deposits and final fees.

The Aurora Sportsmen's Club is a gated, private club organized as an Illinois Not-for-Profit (501C7) Corporation dedicated to Shooting Sports, Conservation and Education. The Club is run by volunteers and is the oldest and largest private shooting sports club in Northern Illinois. We have been in operation nearly 70 years and are situated on 250 acres in DeKalb County.

With more than fifteen outdoor rifle/pistol bays for short- and long-range shooting distances we can accommodate all rim fire and center fire firearms that are legal in Illinois. Our Shotgun Sports areas have two Skeet fields, three Trap fields, wobble trap, 5-stand, hand-operated clays throwers, special training areas and a 12-14 station/100 shot Sporting Clays course. Archery offers known-distance shooting lanes and 3D targets in natural settings. Regular members have access to the facilities 365 days per year.

Space for group outings is limited and scheduling is by reservation, depending on range and staff availability. For more information, email SpecialPrograms@Aurorasc.org.

**ASC reserves the right to decline requests for special range use without explanation or cause.*
