[Edition 1, Volume 1]

The Kishwaukee Valley Regulators (SASS affiliated club) and The Aurora Sportsmen's Club invite you to our Cowboy Action Shooting matches.

Contestants use firearms typical of those from the taming of the Old West: single action revolvers, pistol caliber lever action rifles, and old-time shotguns. There are 5-6 stages set up in unique "Old West" style. Stage scenarios feature an array of situations, many based on famous incidents or movie scenes, in which shooters test their skills against steel targets.

Beginners, experts, members, non-members and spectators are all welcome. Hearing protection and eye protection with side shields are required for participants and spectators.

Everyone tries their best to dress the part and respect the traditions of the Old West. Some folks would call it good sportsmanship. We call it "The Spirit of the Game."
